To whom it may concern

I confirm that we have dealt with Aviavybor LLC since 2014 during that time we support them with Engineering solution and provided them our services in accordance with strict European EASA Part 21J regulations. During our joint work Aviavybor LLC has proved to be knowledgeable and professional in their field of business, high quality services and great ability to negotiate mutually acceptable terms of parties. Through the years, Aviavybor LLC has been on time and on budget with their projects for our company. I can confidently recommend Aviavybor LLC as a solid and reliable supplier, and experts in their field.

Mit freundlichen Grüßen / Sincerly yours,
